Don Willerton's new titles in the Mogi Franklin Series—*The Secret of La Rosa*, *The Hidden River* and *The Lake of Fire*—are further examples of his great gift for blending history with the wondrous world of the West and intriguing stories for young readers.

In *Not Our Day to Die: Testimony From the Guatemalan Jungle*, Michael Sullivan recaptures in searing, overwhelmingly human interviews the lives of peasant farmers tragically trapped in a mindless civil war. And in a totally unique vein, a book of letters exchanged by two friends decades ago paints a fascinating picture of young lives coming of age together in *Two Smart Boys: The Record of a Friendship, 1953–1965*.

Azro Press, now distributed by Terra Nova Books, releases Jaenet Guggenheim's *The Fussy Little Butterfly Goes Outside*.

It is indeed an exciting time as Terra Nova Books continues to grow and offer an increasingly broad range of quality titles for discerning readers.

The Global Warming Express

Written by Kids for Kids

STORY BY MARINA WEBER

PICTURES BY JOANNA WHYSNER

FOREWORD BY U.S. SENATOR

TOM UDALL

The Earth is in peril—through pollution, global warming, oil spills, and general neglect of the environment. Those who respond first are the animals. There is The Fluff, a penguin; Creamy, a harp seal; Tomás, a black bear; Flora, a polar bear; and Lady Athabasca, a whooping crane, among others. The animals have all suffered from destruction to their habitats and neglect of the environment, and want to do something about it. They jump on a magical train powered by positive thoughts and take off to let others know about the problems Earth's creatures are facing.

In Santa Fe, they pick up two young girls, Marina and Joanna, who record their incredible trip. Their final destination is the White House, where they hope their call for help is heard.

Join The Fluff and friends on the Global Warming Express to save this beautiful world from pollution and global warming. It's a trip worth taking!

WASABI OYSTER PO' BOY SANDWICHES

Now that you've made the wasabi mayonnaise, why not make some wasabi po' boy sandwiches that'll take your breath away? The following recipe makes four servings.

WASABI TARTAR SAUCE:

- 1 cup wasabi mayonnaise
- 1/4 cup sweet pickle relish
- 2 tablespoons minced shallot or onion
- 2 tablespoons Dijon mustard
- 2 tablespoons minced fresh parsley leaves
- 1 teaspoon fresh lemon juice
- 1/4 teaspoon Louisiana-style hot sauce

SANDWICH FILLING:

- Vegetable oil
- 3 loaves French bread
- Butter or margarine
- Cornmeal seasoned with black pepper and cayenne
- 24 shucked oysters, drained
- Sliced tomatoes
- Shredded lettuce

Heat the oil to 375 degrees in a deep fryer or heavy skillet. Meanwhile, prepare the wasabi tartar sauce by stirring all the ingredients together in a small bowl and setting aside.

Slice the loaves of bread in half horizontally and vertically. Spread the inside surfaces with butter; then place the bread on a baking sheet, cut sides up. Heat the bread under

CHIPOTLES ADOBADOS (CHIPOTLE CHILES IN ADOBO SAUCE)

Here's a recipe from Tlaxcala, Mexico. These sweet-hot pickled chiles can be the basis of a sauce of their own if they're further puréed, or can be served as a condiment with enchiladas and other main dishes.

- 1/2 pound dried chipotle chiles, stems removed
- Water to rehydrate
- 1 quart vinegar
- 1 head garlic, peeled and crushed
- 1/2 cup piloncillo, or 1/2 cup packed brown sugar
- 1 cup roasted and peeled green chile, such as poblanos or New Mexican
- 2 medium tomatoes, chopped
- 6 black peppercorns
- 3 bay leaves
- 1 teaspoon ground cumin
- Salt to taste

Soak the chipotles in water until they rehydrate, at least an hour, then drain. In a saucepan, add 1/2 the vinegar, 1/2 the garlic, and the brown sugar. Cook this mixture for about twenty minutes, then add the chipotles.

In another pan, combine the green chile, tomato, remaining garlic, peppercorns, bay leaves, cumin, remaining vinegar,

RAYOU SHRIMP AND WILTED SPINACH SALAD WITH TRIPLE MUSTARD DRESSING

Three types of mustard are used in this recipe. If you want to increase the spice level, add more of the dry mustard, as it will increase the pungency without altering the taste. Any type of loose leaf lettuce may be used in place of the spinach. Heating the dressing brings out the tangy flavor of the mustard. This is a great summer entree salad. Prepare the salad and dressing, grill the shrimp, and assemble the salad at the table. Note: This recipe requires advance preparation.

- 1 1/2 lbs. pounds shrimp, shelled and deveined
- 2 to 2 1/2 tablespoons commercial Creole seasoning or Cajun spice mix
- 2 teaspoons vegetable oil
- 10-ounce package baby spinach, or
- 1 bunch spinach rinsed and torn into pieces
- 1 small red onion, sliced thinly in rings and separated

DRESSING:

- 6 tablespoons extra virgin olive oil
- 3 tablespoons red wine vinegar
- 2 tablespoons Creole Mustard, commercial or see recipe page 86
- 2 teaspoons Dijon-style mustard, commercial or see recipe page 80
- 1 teaspoon dry mustard mixed with
- 2 teaspoons cold water

The Pepper Pantry **Ancho and Poblano Chiles**

DAVE DEWITT

Of all the civilizations the Spanish explorers found in the New World, the one that loved the native chile peppers the most was the Aztecs. Theirs was a culture in which the hot and tasty treats were revered almost as much as sex. Over the centuries, Aztec cookery grew and spread to become the basis for the Mexican food of today, and many Aztec dishes have lasted through the years basically unchanged. Usually, these foods were roasted, boiled, or cooked in sauces, in a legacy that Dave DeWitt, the noted Pope of Peppers, has compiled into this wonderful addition to his scintillating Pepper Pantry series. Salsas, soups, salads, side dishes, main dishes—it's all here on DeWitt's delectable, informative menu.

Albuquerque resident **Dave DeWitt** was a founder of *Chile Pepper* magazine and *Fiery Foods & Barbecue* magazine, and launched the National Fiery Foods and Barbeque Show in 1998.

He is an associate professor in Consumer and Environmental Sciences on the adjunct faculty of New Mexico State University, and also serves as chair of the Board of Regents of the New Mexico Farm and Ranch Heritage Museum.

CHILES ANCHOS ENCARAMELADOS CON PICADILLO EN SALSA DE AGUACATE (CARAMELIZED ANCHO CHILES WITH PICADILLO IN AVOCADO SAUCE)

"This is one of my top creations regarding chiles," says Mexico City chef Lula Bertrán. "The key to this recipe is the absorption of the orange juice into the skin of the ancho, making the chile soft enough to eat. Make sure you choose anchos that are still pliable; if they are hard as a brick, they will need to be steamed first." The presentation of the chiles is elegant on the light green sauce.

THE CHILES:

- 6 medium ancho chiles, stems left on
- 1 quart water
- 1/2 cups orange juice
- 1/2 cup grated pineapple (raw sugar), or substitute molasses
- 1/2 cup vinegar
- 1 teaspoon salt

THE PICADILLO:

- 3 tablespoons vegetable oil
- 1 clove garlic, minced
- 1 small onion, chopped fine
- 1/2 pound ground beef
- 1/2 pound ground pork
- 1/4 cup raisins
- 1 medium tomato, chopped
- 2 teaspoons minced cilantro

TACOS RELLENOS DE CAMARÓN (SHRIMP TACOS)

Since fresh shrimp is found in abundance, shrimp tacos are popular with locals and tourists alike on all coasts of Mexico. They are sold as street food as well as appearing on menus at the finest restaurants. Here is a particularly tasty taco treat from Campeche.

- 5 ancho chiles, seeds and stems removed, rehydrated in hot water
- 2 tomatoes, peeled and deseeded
- 1 onion, chopped
- 1/4 teaspoon salt
- Can oil as needed to fry tortillas
- 18 tortillas
- 2 tablespoons olive oil
- 2 cups finely chopped shrimp
- 2 tomatoes, crushed
- 1 onion, finely chopped
- 1 habanero chile, seeds and stems removed, minced
- 1/2 cups finely chopped, cooked potatoes
- 1/2 teaspoon salt
- Freshly ground black pepper to taste
- 2 cups thinly sliced onion, soaked in 1/2 cup vinegar
- 5 cups finely shredded lettuce

Place the ancho chiles, tomatoes, onion, and salt in a food processor, and process until the mixture is a smooth puree. Eat the mixture aside.

Gambling on Granola *Unexpected Gifts on the Path of Entrepreneurship*

FIONA MARIA SIMON

In *Gambling on Granola: Unexpected Gifts on the Path of Entrepreneurship*, Fiona Simon shares a tale that is uplifting and inspiring but also raw and honest. This is a business memoir but also a love story—the love of her work, of a journey in uncharted waters, of the products and company she created, and of the creative challenge of following her dream. We see her growth and healing over fifteen years, as mistakes, weaknesses, and naiveté evolve into resilience, resolve, and inspiration.

For Simon, it started out as all new businesses do—with an idea. But her world quickly became more complex as she fought to establish an organic granola company, develop new product lines, build a successful business, forge personal relations that worked in a competitive business environment, and hold onto her deepest values—all while raising her daughter, Natalie, as a single mom.

Fiona Maria Simon is a former journalist, travel writer, editor, and communications director of the Boulder, CO, Chamber of Commerce. She is passionate about developing healthy food products, writing, traveling the world, and inspiring and empowering others with her story.

Lured by the adventures of entrepreneurship, she launched her own organic granola company and led it to success

despite having no business background and simultaneously juggling the demands of being a single woman immersed in the labors and the joys that parenthood constantly filled her life with.

Her book is a story of challenges, hardships, and triumphs, both personal and professional. And a story as well of lessons learned as Simon journeyed through the new worlds of hiring, firing, finance, and the pressures of working with major national companies that easily dwarfed the small, local space she began in.

She lives now in Santa Fe, New Mexico.

The Mogi Franklin Mysteries

The Hidden River

DONALD WILLERTON

A crazed professor is on a rampage to prove that horrible crimes were committed by the ancient ancestors of today's Pueblo Indians. His murderous accusations stir the community into anger and violence.

Vacationing nearby, Mogi Franklin and his family are suddenly caught up in the turmoil roiling the countryside. In this third book of the exciting Mogi Franklin Mysteries, the young hero must find a sacred object hidden by the ancient people of Acoma Pueblo somewhere in the vast, forbidding lava beds of western New Mexico.

To those who lived on the stark, high mesa four hundred years ago, it held a magic that could defeat the Spanish conquistadors despite their steel and steeds. To Mogi, it was an ancient mystery he must solve to stem the rising tide of bloodshed. But the clock is ticking, and his deranged adversary traps Mogi, Jennifer, and their friends in the absolute darkness of an underground cavern, with little hope of escape.

Praise for *The Hidden River*

This is another fascinating book in this series! Having grown up in the Southwest, I find these stories especially interesting! Easy to read and very entertaining.

DONALD WILLERTON

It was just a short cross-country ski outing over the Christmas break for Mogi Franklin and his sister, Jennifer—until they find themselves suddenly caught in a vicious blizzard. Near collapse, they ski into a mysterious valley with an ancient hacienda, a busy Spanish family, and a village with no electricity, no plumbing, no cars, no phones, and definitely no Walmart.

A vacation that began a few days earlier helping his Granddad clean and decorate for a huge family celebration had now become a mind-boggling mystery. And young Mogi's anguish trying to come to terms with his grandmother's death from cancer the previous Christmas turns to fear and danger when he is accused of stealing a religious icon the town prizes above all others—and which holds the key to solving an ancient legend of missing Spanish gold.

Praise for *The Secret of La Rosa*

I really enjoyed reading this book. Willerton brings the values of the past into sharp focus in a mystery about gold, a peaceful village, and a padre who wants to protect it. Not Our Day to Die

Testimony From the Guatemalan Jungle

MICHAEL SULLIVAN

It was work for Mike Sullivan—a flying job like the ones he'd done most of his life in many parts of the world—ferrying people, medicine, crops, supplies and almost anything else you can think of among the isolated jungle villages of Guatemala. Life in the farming co-ops there was simple, peaceful, and good, based on bedrocks of family, community, and faith. Then the repression began.

A failed attempt at a coup had led to continued fighting between rebels and government, though in areas far from the almost-utopian Ixcán region. The Guatemalan army, searching everywhere for those who opposed it, increased its control over the isolated jungle area. The army turned to a scorched-earth policy, killing animals, burning crops, uprooting fruit trees, destroying towns, massacring their people. Throughout the Ixcán, those who survived fled.

Some returned to their original mountain villages, others crossed the border into Mexico, and a third group survived for sixteen years hiding in the jungle. When finally peace accords were signed, the people of the Ixcán returned. But sixteen years were lost, along with countless lives.

Praise for *Not Our Day to Die*

Not Our Day to Die is the eloquent testament of a place and time. Through the voices of twenty-eight survivors, it tells the tragic story of remotest Guatemala in the 1970s, '80s, and beyond. The

For Mike Sullivan, the story of those years—of how the people of the Ixcán survived, and of the many who didn't—was one that had to be told. Their stories are gripping, fascinating, painful—but most of all, deeply human as we witness their struggle to survive and feel the force of the simple values that ultimately carried them through to a new and better life.

Two Smart Boys

*The Record of a Friendship,
1953–1965*

DAVID JENNESS AND
RAYMOND OLIVER

This captivating and highly unusual book is a sequence of actual letters exchanged by two young men coming of age in the late 1950s and '60s. They are well-educated, intellectually eager, self-absorbed but also self-aware, and both go on to distinguished careers in the world of letters and scholarship.

It is a candid and spirited relationship focused on their shared interest in reading, writing, ideas, and young women. Their letters trace two arcs of development—sometimes congruent, sometimes divergent—intersecting as each writer acts to intervene in and shape the other's life. Their exchanges are crammed with descriptions, judgments, jokes, commiserations, exultations—whatever can be spewed forth from two loose and lively minds.

David Jenness, a resident of Santa Fe, New Mexico, had a lifelong career in philanthropic foundations and research
